GRANT PARADE.

Ohio Will Have Over One Thousand National Guards In Line.

NEW YORK, April 15.—The national guard of Ohio will be represented in the Grant parade on April 27 by over 1,100 men. General H. A. Axline, adjutant general of the national guard of that state, called on General Dodge yesterday to arrange for the transportation of Ohio's troops. He said that he would send the quartermasters from each department to be represented to New York to make arrangements for quarters, etc. Governor Bushnell of Ohio is to have as his escort the Toledo cadets, an unattached organization belonging to the Ohio National Guard. There will be 49,000 men in the Grant parade, 36,000 uniformed and 13,000 civilians.

KENTUCKY DEADLOCK.

Newspaper Correspondent Sent to Jail For Refusing to Talk.

FRANKFORT, Ky., April 15. — The Franklin county grand jury is continuing its investigation of the alleged bribery in the senatorship contest. Graham Vreeland, a newspaper correspondent, was one of the witnesses before the jury. He at first declined to talk and was ordered to jail by Judge Cantrill, but later consented to talk and was released. The investigation may be completed today. The prospect is that there will be continuous balloting today, but there is nothing in the situation to indicate a breaking up of the deadlock.

TEST OF STRENGTH

Vote In Senate on a Question Relating to the Tariff.

INDIAN APPROPRIATION BILL.

President Angell of the Michigan State University Appointed Minister to Turkey—Batch of Indiana Postmasters—McKenna Wants Money With Which to Pay Salaries.

WASHINGTON, April 15. — The first skirmish on the tariff question occurred in the senate yesterday, It was followed by a vote that served as a test of strength of the various elements of the senate. The vote occurred on a motion by Mr. Morrill (Rep. Vt.) chairman of the committee on finance, to refer a resolution by Mr. Vest, one of the Democraric members of that committee. This made the issue between representatives of the two leading elements in the senate. Aside from this the resolution was in the nature of a criticism of Secretary Gage and declared illegal his recent order relative to goods imported after April 1, when, according to the retroactive clause of the pending Dingley bill, the new tariff rates are to apply. Mr. Morrill's motion prevailed by the close vote of 24 to 23.

Mr. Morgan of Alabama endeavored to have a time fixed for the final vote on his Cuban resolution. Mr. Hoar objected and Mr. Morgan gave notice that the resolution would be pressed daily until a final vote was reached.

The Indian appropriation bill was then taken up. It afforded Mr. Gorman of Maryland an opportunity to speak of the disorganized condition of the senate. The president had stated in his inaugural address that the condition of the country required the strictest governmental economy. And yet it was proposed to pass appropriation bills aggregating more than $73,000,000 without the consideration of a duly organized committee of the senate.

The committee amendment opening the Uncompahgre Indian reservation to public entry led a long contest. A point of order was made against it by Mr. Jones of Arkansas, and pending the decision the senate went into executive session and soon afterward adjourned.

ANGELL GOES TO TURKEY.

President Appoints the Michigan Man as Minister.

WASHINGTON, April 15.—The president yesterday sent the following nominations to the senate:

JAMES B. ANGELL of Michigan, to be envoy extraordinary and minister plenipotentiary of the United States to Turkey.

GEORGE N. WEST of the District of Columbia, consul of the United States at Pictou, N. S.

GEORGE D. MEIKLEJOHN of Nebraska, to be assistant secretary of war.

Mr. Angell is a native of Rhode Island, where he was born in 1829, but has resided in Michigan for the past 20 years as president of the Michigan State university. He is a graduate of Brown university. He was president of the State University of Vermont for five years before being called to Michigan. He was engaged in journalistic work in Providence from 1860 to 1866. In 1880 Mr. Angell was appointed minister to China, serving until 1881. He represented the United States in preparing some of the treaties with China for the exclusion of Chinese laborers. Mr. Angell is a congressionalist. His appointment was sought especially by the members of this church, which has greater number of missionaries in the Turkish field than any other denomination.

One Loaf
AND Another

One loaf of bread may be light, sweet and digestible. You may use the same materials for another and have it heavy, sour and soggy. The knack is in putting the ingredients together just right. A substitute for Scott's Emulsion may have the same ingredients and yet not be a perfect substitute, for no one knows how to put the parts together as we do. The secret of "how" is our business—twenty-five years of experience has taught us the best way.

No Money For Salaries.

WASHINGTON, April 15.—Attorney General McKenna has sent a letter to the house calling attention to the fact that there is now no fund available for the payment of salaries of United States district attorneys. He recommends that $75,000 be immediately appropriated for salaries and expenses of district attorneys and $55,000 for the pay of regular assistant attorneys.

Fraud Orders.

WASHINGTON, April 15.—Another of the agents of the late E. S. Dean brokerage concern, M. E. Massey of Indianapolis, was barred from the mails by a fraud order yesterday. Postmaster General Gary has issued lottery orders against the Inland Investment and Loan company of Chicago and the One Hundred Dollar Investment company of Bradford, Pa.

Cadets Threaten to Resign.

WASHINGTON, April 15. — Congressman Shattuc of Ohio has nominated D. J. Bundy, a colored lad of Cincinnati, to a cadetship at Annapolis. He has been urged to withdraw the name but says he will stand by the appointment. There has been some murmurs of disapproval from the naval academy and threats of the students to resign.

United States Consul Wysor Dead.

NEW YORK, April 15.—William W. Wysor, United States consul at Cadiz, who took passage on board the Werra at Gibraltar died on board yesterday. He was a native of Lynchburg, Va., and had been suffering from consumption for several months.

SEIZED A SAEPORT.

Cubans Fortify Banes--Important Battle Imminent.

HAVANA, April 15.—Banes, an important port on the north coast, near Gibara, from which go heavy annual exportations of bananas and cocoanuts to the United States and which is the site of the estate of H. Dumois & Co, American citizens, narrowly escaped complete destruction yesterday.

The expedition under General Roloff, by the steamer Laurada, carrying 2,400 rifles, 500,000 cartridges and several pieces of rapid firing artillery, landed alongside the Quay at Banes. General Calixto Garcia, with 5,000 men came to protect the convoy of arms and ammunition, but as Roloff had no men to arm, Garcia was compelled to carry the arms into the interior.

It is reported that the insurgents, hearing that a Spanish gunboat might arrive at any moment, closed the entrance of the port with torpedoes. General Roloff, assisted by local bands and finally by the soldiers under General Garcia, commenced to fortify the hights around the port, hastily casting up trenches to make the port temporarily impregnable to any Spanish forces in the neighborhood of Gibara.

The gunboats Neuva Espanas and Mealicia had arrived at Nipe from Havana. The cruiser Reina Mercedes had left Havana on the 12th with four companies of marines and infantry under the command of Rear Admiral Marencoa, to unite with all the forces which had left Nipe and Gibara, with a view to a combined land and sea attack upon the insurgent's position for the recovery of the port of Banes. Nipe is separated from Banes by the San Ramon canal. Three columns marched on Banes where they are in full view of the formidable and nearly impregnable insurgent positions.

Evidently an important battle is in sight if the insurgents try to defend their advantageous stronghold and their claim of being able to hold a seaport. Great anxiety exists with reference to the garrison of 100 men in the fort defending the quay at Banes. It is believed they will be compelled to surrender for lack of water and supplies. The cruiser Pingon has twice been compelled to break chains in order to enter the Banes port.

KANSAS CITY FIRE.

Times and World Newspapers Have a Narrow Escape From Destruction.

KANSAS CITY, April 15.—The Scarritt block, a substantial 5-story brick building directly across the street from the central station of the Kansas City fire department, was destroyed by fire last night. The big 6-story Hall building, in which are the Times and World newspapers, also caught fire.

The fire burned fiercely for an hour and a half and nothing but the walls remained of the Scarritt block. The loss on this building is $60,000; insurance $30,000. The building was unoccupied. The damage in the Hall building is not great. The mechanical department of the Times was shut down for nearly two hours, but the paper suffered no material damage. The office of the World was flooded. Both are machine offices.

ILLINOIS WHEAT CROP.

Little More Than Enough For Seed Will Be Harvested.

SPRINGFIELD, Ills., April 15.—Special reports received at the office of the Illinois department of agriculture under date of April 10, in regard to winter wheat, are even more discouraging than on March 10. Reports from nearly half of the counties in the state, including almost all of the winter wheat growing counties, are to the effect that two-thirds of the wheat seeded last fall, 1,749,000 acres, was winterkilled or destroyed by floods, and the condition of the remaining third is so poor that under the most favorable conditions from now until harvest, only about one-third of an average crop may be expected. The outlook is that but little more than enough wheat for seed will be harvested in Illinois this season.

SITUATION IS ACUTE

River Slowly Rising at Vicksburg and Points South.

EFFORTS TO HOLD THE LEEVE.

Reports From the Mississippi Delta Not Encouraging as the Expected Fall In the Water Has Not Taken Place—Much Suffering In Sunflower District—Less Danger at Omaha.

MEMPHIS, April 15.—The river continues to slowly rise at Vicksburg and all points south and the situation along the Louisiana system of levees is acute. The waters are being hurled gulfward with tremendous force and several thousand men are working and watching night and day in one grand effort to hold the embankments intact.

Reports from the overflowed Mississippi delta last night were not encouraging. The expected fall in the waters that extend for miles and miles over the fertile valley has not occurred. Many well known planters express the fear that the yellow stream will not recede until June—too late to plant this year's crop.

Much suffering still exists in the Sunflower and Bogue Phalia country where hundreds of negroes have deserted their cabins and are huddled on high ground and the railroad tracks. Many cabins are submerged to their very roofs while several have been swept from their foundations and carried away by the swift current.

On a plantation 10 miles west of Helena, Sylvester Sanders, a colored tenant, his wife and five children were overwhelmed by the current and all perished.

Near Greenville two negroes were drowned in an attempt to reach dry land.

Word has reached Vicksburg during the day that many negroes were in imminent peril at Davis Island where the break in a private levee occurred, and assistance was asked for. A relief steamer was immediately dispatched to the island. At Rossville the work of relief continues. Rations are being sent to the Sunflower district today. Throughout the overflowed area, rain fell in torrents yesterday. At Helena the downpour was of such violence that great pumps were put to work in the lower part of the city. The water gained so rapidly that the pumps had to be discontinued on account of the driving belts becoming soaked and unmanageable. The whole of the southern part of Helena is under water from one to four feet deep and those who had provided themselves with boats were fortunate. The pumps were started up again last night and it is expected the water will be thrown out of the streets in a few days. Owing to the great rainstorm the river did not fall at Helena but stands stationary.

At Memphis the river is stationary. As the river is falling at Cairo and as the rainfall throughout the territory draining into the Mississippi at Memphis and above has been heavy, the local observer predicts that during the ensuing 24 hours there will probably be a slight rise at this point.

Condition at Omaha.

OMAHA, Neb., April 15.—There is less danger of the threatened cut off by the Missouri river and unless there is an unlooked for rise or a high wind from the north it is not probable that much more damage will be done. The hastily built dyke that stemmed the torrent from Florence lake on Tuesday has been greatly strengthened, and has almost stopped the flow at the most threatened point. The water has spread out over a wider stretch of territory and surrounds a few more houses, but the change in the channel of the Missouri has been averted for the time at least.

The workmen employed along the levee struck for double pay. They were given 15 cents an hour and demanded 30. Their demands were refused and 20 quit work. Other men were easily secured. On the Iowa side of the river south of Council Bluffs, the water has inundated farms for a distance of three or four miles back from the stream. The water came up in the night and the farmers report many hogs, cattle and horses drowned. These reports are coming in from every point along the river as far south as St. Joseph. The flood is the worst since the inundation of 1881 and is doing immense damage to property along the river's edge. The flood seems to have reached its height, and will probably fall from now on.

A rosy, happy, laughing baby brings the greatest happiness in all this wide, wide world to the wife and mother,—a baby that does not know illness, a veritable romping, rollicking cherub. It rests with woman herself to enjoy this great happiness. If she is afflicted with the weaknesses and diseases peculiar to her sex and does not properly prepare herself for that greatest event in woman's life, motherhood, she may be sure that baby will suffer for her neglect and be puny and peevish. By taking the proper care of herself during the period preceding motherhood she can insure the health of her baby.

For weakness and disease of the organs distinctly feminine, Dr. Pierce's Favorite Prescription is the greatest of all known remedies. It stops all weakening drains upon the system. It renders the coming of baby safe and easy. It is prepared by a regularly graduated, experienced and skillful specialist in the treatment of diseases of women, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

The wife that is, and the mother that is to be, needs above all other things a good medical book that tells her how to perform successfully the duties of wifehood and motherhood. Doctor Pierce's Common Sense Medical Adviser contains several chapters devoted to the reproductive physiology of women and to diseases of the organs distinctly feminine. It contains over one thousand pages and every woman should have a copy. A copy, paper-covered, may be obtained *absolutely* free, by sending twenty-one one-cent stamps, to cover cost of mailing *only*, to the World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y. If French cloth cover is desired, send ten cents extra (thirty-one cents in all), to pay for this better style of binding.

Altgeld's Alleged Letter.

CHICAGO, April 15.—The Tribune today prints a copy of a letter purporting to be written by ex-Governor Altgeld in 1893 in which he informs the trustees of the Illinois State University that President Spalding of the Globe Savings bank was a good man for the treasurership of the university. Governor Altgeld has always insisted that he never indorsed Mr. Spalding.

False Report.

NASHVILLE, Tenn., April 15.—A report sent out under a Louisville date stated that the Cumberland Coal company of Nashville had assigned to Clarence Wilson. Isaac Reese, secretary and treasurer of the Cumberland Coal company, yesterday declared that the reported assignment was erroneous and that the company had not assigned and was still operating its mines.

To Take the Pasteur Treatment.

NEW YORK, April 15.—Miss Rachael Kanney of Wheeling, W. Va., was received at the Pasteur institute yesterday and will take the treatment. With six others, Miss Kanney was bitten by a dog in Wheeling on Jan. 28. Three of the sufferers were treated by a local practitioner and one has since died.

Louisville Wants Corcoran.

NEW YORK, April 15. — President Pullium of the Louisville baseball club offered $5,000 cash to President Brush of the Cincinnati club last night for the release of Shortstop Tommy Corcoran.

CHARGED WITH SMUGGLING.

Louis J. Fulmer, a Detroit Druggist, In the Toils.

DETROIT, April 13.—Louis J. Fulmer, a Detroit druggist; George L. Schumacher and Herbert T. Jenkins were arrested yesterday charged with smuggling sulfonal, trional, plenacetine and antipyrine from Canada. It is alleged that several men and women assisted in the carrying of these articles across the Detroit river from Windsor, Ont. It is estimated that three or four tons of these drugs have been brought over thus within four years. These articles are made from coaltar by a process patented by a firm in Germany. The exclusive right to handle them in the United States was bought by a New York firm, which made the purchase of them from outside parties a violation of both the revenue and patent laws.

TO SAVE A WOMAN'S LIFE.

Attorneys For Mrs. Nobles Making Every Effort to Prevent Her Execution.

ATLANTA, April 15.—A motion to set aside the judgment which fixes April 23 as the date for the execution of Mrs. Elizabeth Nobles, for the murder of her husband, was made before Judge Smith at Jeffersonville yesterday, and promptly overruled. Today the attorneys for Mrs. Nobles will tender a bill of exceptions to Judge Smith's decision, which will probably be refused. They will then file a petition to the state supreme court for a mandamus to direct Judge Smith to sign the bill of exceptions and to force him to produce the records of the case.

INDIAN FAMINE.

Situation Is Improving and the Price of Grain Is Declining.

BOMBAY, April 15.—The report of the viceroy, the Earl of Elgin, on the famine situation just issued, shows that, including the native states, 2,853,000 persons are employed on the relief works, against 3,141,323 persons so employed a month ago. The report adds that the prices of grain are tending to decline, owing to the rains and improved harvest prospects. The food stuffs are generally sufficient, and the condition of the people in the affected districts is pronounced to be from fair to good.

Reports Were Magnified.

SEATTLE, Wash., April 15.—According to statements of naval officers here the accident, which happened to the battleship Oregon as she lay in the dredged channel at the mouth of the dry dock at Puget Sound naval station, was magnified beyond its actual importance. The Oregon is damaged so that repairs will be necessary, but the officers in charge say she could go to sea today in perfect safety if called upon to do so.

Will Establish Themselves In Canada.

TORONTO, April 15.—The threatened Canadian export duty on sawlogs is driving American lumbermen to establish plants in Canada. The Holland-Emery company of Tawas, Mich., have purchased the old site of the Georgian Bay Lumber company at Byng Inlet and will establish themselves there. The machinery will be brought from Tawas. Three hundred men will be employed, all Canadians.

Long Ride on a Bike.

POUGHKEEPSIE, N. Y., April 15.—John W. Jones who left New York on Jan. 15 to ride to San Francisco and return on a bike, reached Poughkeepsie yesterday. He says he reached San Francisco on Feb. 27 and started on the return journey the same day. He says he is to receive $700 for performing the feat within four months.

Russia Asks Bids on Armorplate.

PITTSBURG, April 15. — A dispatch from Washington announces that the Carnegie company of this city had been invited by the Russian government to bid on armorplate for two firstclass battleships The contract will be for between $2,000,000 and $3,000,000.

Bound, Gagged and Robbed.

WALTHAM, Mass., April 15.—Charles Henry Teele, a farmer who lives alone near Waltham, was robbed of $200 early last night by two masked men who left him bound and gagged.

MOTHER! The sweetest and the most expressive word in the English language and the one about which the most tender and holy recollections cluster is that of Mother—she who watched our tender years; yet the life of every Expectant Mother is beset with great danger **Mother's Friend** so assists Nature in the change taking place that the Mother is enabled to look forward without dread or gloomy forebodings to the hour when she experiences the the joy of **Motherhood.** Its use insures safety to the lives of both Mother and Child, and she is left stronger after than before confinement.

Dr. Miles' Nervine Victorious.

Physical and Mental Exhaustion Gives Way to Vigorous Activity.

REV. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so wearied me that it would require a day or more for me to recover from the exhaustion. It affords me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous this Monday morning as I ever felt in my life, thanks to your remedies.

LABOR OF WOMEN AND CHILDREN.

One of the new laws that is attracting considerable attention is that which regulates the employment of women and children in manufacturing establishments. By this act the employment of the children under fourteen years of age in factories in the state is prohibited. No child under the age of sixteen years may be so employed until after an affidavit has been made by his parent or guardian, giving his age and place of birth. In every room where children under sixteen are employed, a list of their names and ages shall be posted in a conspicuous place. No child under sixteen shall be so employed, except during school vacation, who can not read and write simple sentences in the English language. No person under sixteen years of age and no girl under eighteen employed in a manufacturing establishment shall be required or permitted to work therein more than sixty hours in any one week or more than ten hours in any one day, and in no case shall any person under sixteen or any girl under eighteen work in any manufacturing establishment after 9 o'clock in the evening, or before 6 o'clock in the morning of any day.

Safety appliances for elevators, stairways, doorways, fire escapes and certain kinds of machinery. Not less than one hour shall be allowed for the noonday meal, except upon written permission from the factory inspector. The law makes restrictions as to the number of cubic feet of air space which shall be allowed for each person in any work room.

Any person who violates the law may be fined not less than $20 nor more than $50 for the first offense, not more than $100 for the second offense or imprisonment for more than ten days, and for the third offense a fine of not less than $250 and not more than thirty days imprisonment.

MUCH inquiry is being made about the provisions of the new laws now in force. From the newspapers they have already gained a general knowledge of many of the laws.

IT is said that the Indianapolis street railroad company does not mean to abide by the law which is in force today. To be sure they will not unless they are compelled to do so.

PROF. WILSON, the author of the deficit creating revenue bill, continues to grumble about the probability of the repeal of the measure which has brought disaster to industries throughout the country.

STILL the senatorial contest in Kentucky hangs fire. Hunter still lacks the two votes necessary for a choice Kentucky republicans ought to agree very soon upon some line of action that will give a republican senator to our southern neighbor.

THE average American is far from being a pessimist. He cannot but believe that the drift of things is in the right direction and that intelligent public opinion will work out eventually foundations for solid, enduring structures of general policy.

THE populist governor of Kansas dismissed fourteen members of the faculty and several employes of the state agricultural college for political reasons. The dismissed educators were "not in harmony with the fuudamental principlés of the administration" is the reason assigned for hustling them out. So the colleges of the populist-ridden state are to be used as political machines.

HOBBS

Sparagus Kidney Pills are on the Tidal Wave of Popularity in Seymour.

The Sale of Them Continues Enormous and Unprecedented.

Sales Increasing Daily.

Retail Druggists Scarcely Able to Keep Enough in Stock.

The retail drug trade of this city report the demand for Dr. Hobbs Sparagus Kidney Pills as being simply enormous. Not only is this demand large in Seymour, but it applies as well to all towns surrounding us. Everywhere Dr. Hobbs Sparagus Kidney Pills seem to be in general demand.

The medical fraternity look on with wonder at the cures daily made by this remedy. A physician was recently overheard to say: "I have never in my life had faith in anything advertised as a medicine until recently, but I must confess that I really do believe that Dr. Hobbs Sparagus Kidney Pills are a remedy of great worth: I got a sample box of these pills and used them in my practice. Several of my patients have been taking them, and have experienced a great change for the better."

The physician who made this remark has little idea that it would ever appear in print. At all events, he deserves great credit for his frank and honest confession.

Any physician who is honest should prescribe for his patients that which will do the most good.

A Miracle. A Remarkable Cure of Dropsy After Five Years of Agony

29 Fonda St., Williamsport. Pa,
March 7, 1896.

Hobbs Remedy Co., Chicago;

Gentlemen—Some five years ago my wife, Mrs. Chas. H. Hall, now 55 years of age, was taken with dropsy and heart trouble, growing worse from month to month. Two years ago she was so sick that she was compelled to stop work of every kind. The best physician in this city were secured, but she grew worse so rapidly and her heart so bad, that a year ago they said nothing more could be done for her, as death was liable to come at any time.

At this time she measured ten feet around the waist, and weighed over 300 pounds. Owing to her heart trouble, the doctors would not tap her, only to keep her from bursting. These operations did no good as they failed to get a drop of water from her, claiming that it was in sacks all over her body, and they couldn't reach it. For four months she could neither lie down or walk. The longest sleep she had at one time was 25 minutes. The smallest cracker would distress her so that she could hardly breathe, yet she dare not take stimulants. Her suffering was so terrible that she prayêd day and night for death to relieve her from her miseries.

Her kidneys did not act more than one gill in 48 hours, and then thick with brick dust. Her bowels could only be moved under the most wretched powerful cathartics prescribed by the physician. About this time I saw an advertisement of Dr. Hobbs Sparagus Kidney Pills in the Williamsport Sun. I determined to try a box. My wife objected to my spending any more money on her, as she felt that she was past all help. However, she began taking them at once. The fourth day they began to do their work, when *she passed two gallons of water in 24 hours*. I then got some of Dr. Hobbs Little Liver Pills, and they did their work equally as well. After using eight boxes Dr. Hobbs Sparagus Kidney Pills she is reduced to her normal weight of about 135 pounds She has a good appetite and is doing her own work. People who knew how near she was to death's door pronounced her case nothing less than a miracle.

She is certainly a living monument to the inestimable worth of Dr Hobbs Sparagus Kidney Pills and Little Liver Pills. I am thankful to God and your valuable medicines that my poor suffering wife can live and be comfortable after the terrible ordeal she has passed through during the past five years. If you wish an affidavit of these facts I am willing to give it.

Yours gratefully,
CHAS. H. HALL,

NEW LAWS IN FORCE

Governor Mount Last Night Issued His Proclamation to That Effect.

MORRIS DIES OF HIS INJURIES.

Deathwatch Soon to Be Placed Over Henry Jones at Michigan City—Defunct Citizens' Bank at Union City—John Byrne Terribly Injured by Being Whirled Around a Shafting.

INDIANAPOLIS, April 15.—The laws passed by the last general assembly are now in force, Governor Mount last night issuing his proclamation to that effect. Late in the afternoon the receipts of delivery were received from Cass and Brown counties by the secretary of state and the governor acted immediately. As all the laws are now in force the governor will appoint a factory inspector in a few days.

DEATHWATCH.

Warden Harley Will Soon Place One Over Murderer Jones.

MICHIGAN CITY, Ind., April 15.—In a few days the warden of the Michigan City prison will place a deathwatch over Henry Jones of Indianapolis, who is to be hanged May 7. Jones was sentenced for life from Indianapolis for shooting a colored man in a quarrel over a "crap" game. The principal witness against him, Edward Jones, was afterward also sentenced to prison. Henry secured a caseknife at the prison and stabbed Edward to death during religious services. He was convicted of murder in the first degree and sentenced to hang.

ONE DEAD.

Cooper Morris as He Dies Names a Trainman as His Assailant.

BOWLING GREEN, Ky., April 15.—Cooper Morris, one of the young men thrown from the train near Rockville, and their heads crushed, is dead. Just before expiring he became conscious and named one of the trainmen three times. It is thought if Thomas, the other boy, lives he will be able to give an account of the affair. The train crew has been before the coroner, but failed to throw any light on the matter. The police refuse to say who the man is named by Morris.

TREASURER'S OFFICE ROBBED.

Thief Pries the Door Open and Secures the Cash.

DECATUR, Ind., April 15.—While the treasurer was gone to dinner, with the courthouse open and people passing in and out, some one pried open the door to a side room in the treasurer's office and stole what money he could get his hands on. The safe, being locked, only about $75 was secured. The thief evidently was fearful of detection, as several dollars in small change was left scattered on the desk and floor.

BOA CONSTRICTOR.

Showman's Snake Crawling Through the Corridor of a Hotel.

PERU, Ind., April 15.—Considerable excitement was created at the Wayne hotel in this city by a boa constrictor 12 feet long escaping from a boxful of reptiles belonging to George Nichols, connected with a show here. The snake was discovered by the chambermaid crawling in the corridor of the third floor. Nichols was notified and he hastened to return his snakeship to his box.

Foust Murder Case May Be Reopened.

ELWOOD, Ind., April 15.—The Foust murder case, which cost the county thousands of dollars and resulted in the conviction of George Hires and Will Cox, is about to be reopened. A strong petition for Hires' pardon will soon be presented, containing the names of hundreds of influential citizens who do not believe him guilty. The grand jury will be called upon to make another investigation on altogether different lines.

Tramp Wants Damages.

MARTINSVILLE, Ind., April 15.—William Baker, a tramp, has sued the Indianapolis and Vincennes railroad for $7,000 damages. He was put off a train on which he was beating his way and injured so that he has since been confined in the infirmary.

Outrage on an Old Man.

COSHOCTON, O., April 15.—Three tramps attacked Rollin Deal, aged 60, and stripped him of his clothing on the outskirts of the town and then assaulted him. The trio were afterward captured and had the old man been seriously injured they would have been lynched.

Injured by Shafting.

NEW ALBANY, Ind., April 15.—A serious, if not fatal, accident occured at the Morris box factory here late yesterday. John Byrne was caught in the machinery and whirled around the shafting until his arm was broken, his scalp torn and he was injured internally.

Missing Man Sick In Chicago.

GAS CITY, Ind., April 15.—John H. Hadley, city attorney of this place, who has been mysteriously missing for several weeks, has been sick in a hotel at Chicago. He writes to J. O. Austin that he will be able to return home this week.

Competent Testimony.

ANDERSON, Ind., April 15.—During the trial of a will case here the presiding judge decided that testimony to the effect that one party recognized another's voice over a telephone was competent.

Defunct Bank at Union City.

UNION CITY, Ind., April 15.—From a careful estimate it is believed that the depositors of the defunct Citizens' bank here, which failed over a year ago, will receive about 50 cents on the dollar.

DOG TAX LAW.

Shelbyville Wants a Part of the Funds For City Schools.

SHELBYVILLE, Ind., April 15.—A friendly suit has been commenced between Shelbyville and the township trustee regarding the dog tax. The trustees applies all the money to schools outside the city and the latter claims that as it pays most of the tax and its schools are a part of the public school system, it should receive a pro rata share of the fund. It is the first suit of the kind ever brought and it is for the purpose of securing a construction of the law.

Raving Maniac.

DELPHOS, O., April 15.—Clemens Kohorst, the missing Putnam county farmer who disappeared on April 5, has been found in the woods east of here, a raving maniac. When he saw the searchers coming he ran like a deer, but soon gave up owing to his emaciated condition.

Killed the Curfew Ordinance.

SOUTH BEND, Ind., April 15.—The curfew ordinance which had been pending before the council for some time has been defeated. The ordinance was indorsed by the Humane society and other organizations.

Want a Curfew Law.

DAYTON, O., April 15.—A petition has been presented to the council asking them to pass a curfew ordinance. The solicitor was instructed to draw up the ordinance.

THE REVIEW OF REVIEWS

Monthly Illustrated

AN INTERNATIONAL MAGAZINE

Edited by ALBERT SHAW

"If only one magazine can be taken, we would suggest the REVIEW OF REVIEWS, as covering more ground than any other magazine."—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed. Indexes, chronological records, and other departments complete the certainty that the reader of the REVIEW OF REVIEWS will miss nothing of great significance that is said or written or done throughout the world.

MARRIED.

George S. Graves and Miss Kate Hoover, respected young people of Indianapolis, were united in marriage at 2 o'clock Wednesday afternoon, April 14, 1897. They came here last evening to spend a brief time with his sister, Mrs. Mart Forsythe. The groom is a model young man and formerly resided in Seymour.

Will Wiggington and Miss Anna Rottman, two popular young people of Seymour, quietly repaired to the German M. E. parsonage at 7:30 o'clock Wednesday evening, April 14, 1897, when Rev. Andrew Graessle said the words that made them husband and wife. May their wedded life be pleasant is the wish of their many friends.

Badly Injured.

Alex Cain, east of Reddington, had his leg badly broken Wednesday by his team running away. When found under the wagon it must have been more than an hour after the accident occurred. He is suffering intense pain.

County Taxes.

According to the old law next Monday would be the last day for paying county taxes without the delinquent penalty being added. But by the provisions of the new law in effect today the time for paying taxes on the tax duplicate in the hands of the county treasurer has been extended to the first Monday in May.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear There is only one way to cure deafness and that is by constitutional remedies Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its norma condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Kindness, Gentleness and Love.

The above words are said to be the solution of Prof. Gentry's phenomenal success in the management of animals. In a recent interview he is quoted as having said: "Kindness is the method I pursue in training my animals for exhibitions." And he added: "The gentleness with which I handle them and the love of the work has, I think, allowed me to go farther in their education than any other gentleman in a similar line." The entire company of dogs and ponies, over one hundred in number, are to exhibit in this city under their tent on West Second St. Tuesday, April 20, afternoon at 3, night at 8.

The engagement of these talented animals can be looked forward to with great delight by the best class of people to whom Prof. Gentry's famous and interesting exhibition appeals. The prices of admission are, children, 15 cents; adults, 25 cents.

Ex-President Harrison's Success as an Author.

Ex-President Harrison will conclude his series of papers on life in the White House in the May Ladies' Home Journal, and takes a respite from his literary labors which have so profitably and congenially occupied him for more than a year. General Harrison is the first president to show the public through the White House, "upstairs, downstairs" etc, and to detail the president's daily routine, and the social and domestic phases of life in the executive mansion He is also the first Chief Magistrate to crystallize his knowledge and the experience gained as Chief Executive in a series of lucid, instructive and interesting magazine articles on the functions of our government, such as were "This Country of Ours" papers.

Registered Letters

Congress at its last session passed a law, which will go into effect July 1 granting idemnity, not to exceed $10 in any one case, for registered letters or packages lost in the mail. CIGARETTE LAW.

Dealers can no Longer Sell Them to Boys in Short Pants.

The boys who have been in the habit of buying and smoking cigarettes will find some difficulty ahead if the dealers obey the law. It is now unlawful for any dealers to sell or to furnish directly or indirectly cigarettes or cigarette wrappers to any one under twenty-one years of age. If dealers are found guilty of violating the provisions of the law they are subject to a fine from $10 to $50 for the first offense and for a second offense they can be fined $500 to which may be added imprisonment in the county jail for any period not exceeding sixty days.

There is Nothing so Good.

There is nothing just as good as Dr. King's New Discovery for Consumption Coughs and Colds, so demand it and do not permit the dealer to sell you some substitute, He will not claim there is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For Coughs, Colds, Consumption and for all affections of Throat Chest and Lungs, there is nothing so good as is Dr. King's New Discovery. Trial bottle free at Wm. F Peter's, successor to J. H. Here is a diamond, here a piece of charcoal. Both Carbon; yet between them stands the mightiest of magicians —Nature. The food on your table, and your own body; elemently the same; yet between the two stands digestion, the arbiter of growth or decline, life or death.

We cannot make a diamond, we cannot make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merits—10 cents.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

A HEROIC HISTORY.

The Stormy Career of the Little Island of Crete.

There are not many islands with a more stormy or more heroic history than that of Crete. In remote antiquity it was the redoubtable "isle of one hundred cities" and had an illustrious line of kings, among who were Rhadamanthus, Minos and Idomeneus. The last named led a fleet of 80 ships to assist in the conquest of Troy and was the last of what we may call the legendary kings. After him a gap of several centuries occurs, and when the record is resumed it is no longer fable, but authentic history.

At the time of the Persian invasion of Greece the island was populous and prosperous. It was divided into several independent republics, which, like those of peninsular Hellas, were not always in peace and friendship with each other. They kept free from foreign wars, however, except as they voluntarily furnished mercenary troops to whichever side would pay the best for them. This was done in both the Persian and Peloponnesian wars, when the Cretan archers were as noted and as dreaded as those of merry England in later days.

The prowess of the ancient Cretans and their insular position kept them free from invasion down almost to the Christian era. While the eagles of Rome "flapped wide wings in fiery flight" over nearly all else of the known world that island retained its independence. Indeed it was only through intestine quarrels that it was at last subdued. Some 70 years before the Christian era Rome took advantage of the prevailing discord in Crete to invade the island, on the pretext that the Cretans had given aid and comfort to Mithridates and had ill treated some Roman soldiers. The first army was repulsed and almost annihilated by the Cretans.

But Rome was determined to achieve the conquest if it took the whole power of her empire. Army after army was sent, and after three years of desperate fighting Rome prevailed. For the first time in her history Crete became, in 68 B. C., subject to an alien master. From that day to the present, for more than 1900 years, she has been a conquered province, never once regaining the independence so long maintained and so reluctantly relinquished.—New York Tribune.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

LOVE IN MASQUERADE.

I dreamed that Love came knocking
At your door one winter night
While the specter trees were rocking
In a blast of savage blight.
"Oh, I perish!" poor Love pleaded.
"Ope the door, for Love's dear sake."
But although you heard and heeded
Still no answer would you make;
Not one word of sweet replying
Would your haughty lips have said
Even if Love had lain there dying,
Even if Love had lain there dead!

Then I dreamed that Love o'erruled you,
For in tenderest voice he cried,
"Nay, dear lady, I sadly fooled you,
Since I am not Love, but Pride."
And you straightway oped your portals,
With a merry and welcome nod,
To that wiliest of immortals,
To that masquerading god.
Ah, you oped your portals lightly,
Not for Love's but Pride's dear sake,
Yet, O lady, if I dreamed rightly,
Love soon taught you your mistake!

DROPPED FROM THE CLOUDS.

How the Race Horse Peytonia Won $800 For Little Miss Lowrey.

The caprices of fortune ever constitute a subject for special wonder, but the glorious uncertainties of the turf afford perhaps a wider scope for reflections on the ups and downs of life than almost any other sphere of action. Earl Lowrey, formerly of Pittsburg, but now of Chicago, tells a story that illustrates this conclusion very well.

On the morning of the day that Rey El Santa Anita won the American Derby at Washington park Lowrey's little girl, while looking over a programme of the events which he had carelessly left about the house, was struck with the name "Peytonia," the name of an entry in the first race of the day. So deeply was she impressed with it that she asked her father to place her savings of small change on Peytonia, the total amount being $2, which he agreed to do. On arrival at the park he at once discovered that Peytonia's chances for victory appeared to be very slim, one bookmaker offering 400 to 1 against her. Lowrey, nothing daunted, placed the $2 per order, and in doing so provoked a smile from the man on the block, which so nettled him that he promptly placed $5 more at 40 to 1 for the place. As has so often happened before, Peytonia fairly "dropped from the clouds" when the horses were fairly straightened out in the stretch, and to the amazement of every one won the race with comparative ease. Miss Lowrey's fondness for the name Peytonia therefore netted her $800 in cash, while the head of the family was $200 better off for acting as her commissioner.—Pittsburg Dispatch.

CAPTURING RODENTS.

RAT CATCHING AS A CRAFT HAS UNDERGONE CHANGES.

How a St. Louisan Captures the Domestic Pests at Five Cents a Head—His Trade a Profitable One—Some of the Old Methods of Getting Rid of the Pesky Varmints.

There are few St. Louisans who know that rat catching is an established business in this city. And fewer know that considerable ingenuity enters into an adept practice of the craft. Venerable housewives recall how, a generation ago, there were some queer characters who contracted to rid places of the rodent pests by all manner of means, from ordinary legerdemain to the extraordinary method of the Pied Piper of Hamelin. There were others, too, who hired out intelligent ferrets to exterminate rats. But the advance of civilization has had its effect on the science of rat catching, and even in that branch of industry mechanical contrivances have supplanted manual work.

C. P. Johnson is probably the leading rat catcher of St. Louis. His traps are not cheap trifles, and there are many persons who hire him to set the contrivances in their places, paying 5 cents for each of the little pests that is captured. The largest restaurants afford Johnson considerable work. But the hotels, which would naturally be expected to offer a favorable field for Johnson's work, do not figure as among his good patrons. He says that the rat is one of the most cautious of animals, and that the meddlesomeness of hostelry attaches prevents successful trap setting in hotels. One big down town establishment was rid of 58 rats in one night.

Both Johnson and Henry Hein attend to the former's traps. They make daily rounds, setting the contrivances or disposing of the captives. When a landlord wishes his place rid of rats, he informs Johnson of that portion of the house where the little animals do most of their foraging.

For the first night or two the trap is set there in such a manner that the rats can nibble the bait and afterward escape. On the day that Johnson finds all the cheese and crackers in the boxlike contrivance have been devoured during the night he attaches an auxiliary trap, into which the captive rats are to be forced out of the view of prospective prisoners. Thus fully 100 rats can be caught in one trap in one night.

Johnson says that he doesn't contract to entirely rid a place of rats. He thinks he "knows as much about the business as any one else" and says that when the rodents have firmly established themselves in a house it is almost impossible to drive them out. A ferret, he says, might destroy the nest and the trap catch all the rats in the house, but if the locality is particularly favorable for rodent light neighboring pests are most likely to move into the place.

"Times are changed," said an old timer. "I remember when a man had to work a sight harder than he does now before he'd get several pieces of silver for 24 hours' rat catching. In those days these newfangled traps weren't known.

"There used to be a fellow living down on the levee that knew more about rats than a jockey knows about race horses. He had a partner, and both of them worked all kinds of schemes on the little creatures. These two men had a way of spreading bait on a cellar floor and then sneaking in on rubber boots. One of them carried a sack and a queer pair of tongs. The other had a bullseye lantern with a sliding panel.

"They'd sit in the dark as quiet as a graveyard until the rats commenced fighting and quarreling or until they knew the place was full of the varmints.

"Then the lantern would be turned on suddenly, and the rats, who are as afraid of light as I am of ghosts, would stand stock still. The man with the tongs—and he was quicker than greased lightning—would pick up the pests and fire them into the sack before the little things knew what was up. Sometimes they'd bag as many as 40 at a crack, but at other times the rats would become accustomed to the light and scamper away before 20 of their comrades had been nabbed."

But the science of rat catching has fewer exponents than has the art of rat killing. Housekeepers are not generally anxious to have the little animals about them, and hence they pay more attention to the ways of exorcising the pests than they do to means of capturing them.

In addition to the time worn scheme of poisoned bait, there are a number of unique plans that are operated from time to time by landlords who have lost patience with the domestic marauders. An ingenious individual some time ago devised a plan of painting a captive rat with a phosphorescent preparation and then turning it loose. The released rat would return to its nest, and there its effulgent coat would frighten the other rats out of all their instincts save that of fear.

There would be a pellmell fight, and as rats go in droves the painted rodent would run in their midst, increasing their fright and hastening their flight. Some one suggested that the little animals would either run themselves to death or continue their chase until dawn, when, in the sunlight, the phosphorus would lose its brilliance. Even in the latter event the little animals would have left their previous haunts.

It is known that rats despise the odor of turpentine. Some housewives, when bothered by the domestic pests, catch one in a trap, and, after bathing it in turpentine, release it. This plan is said to have almost as efficacious an effect as the phosphorescent paint.

There are some persons who claim that belling a rat will drive its comrades from their nest. As a usual thing, however, the bell becomes detached from the pest to which it was tied before the desired end is attained. But a strong wire is expected to circumvent such a contingency.—St. Louis Globe-Democrat.

TEST OF STRENGTH

Vote In Senate on a Question Relating to the Tariff.

INDIAN APPROPRIATION BILL.

President Angell of the Michigan State University Appointed Minister to Turkey—Batch of Indiana Postmasters—McKenna Wants Money With Which to Pay Salaries.

WASHINGTON, April 15. — The first skirmish on the tariff question occurred in the senate yesterday, It was followed by a vote that served as a test of strength of the various elements of the senate. The vote occurred on a motion by Mr. Morrill (Rep. Vt.) chairman of the committee on finance, to refer a resolution by Mr. Vest, one of the Democraric members of that committee. This made the issue between representatives of the two leading elements in the senate. Aside from this the resolution was in the nature of a criticism of Secretary Gage and declared illegal his recent order relative to goods imported after April 1, when, according to the retroactive clause of the pending Dingley bill, the new tariff rates are to apply. Mr. Morrill's motion prevailed by the close vote of 24 to 23.

Mr. Morgan of Alabama endeavored to have a time fixed for the final vote on his Cuban resolution. Mr. Hoar objected and Mr. Morgan gave notice that the resolution would be pressed daily until a final vote was reached.

The Indian appropriation bill was then taken up. It afforded Mr. Gorman of Maryland an opportunity to speak of the disorganized condition of the senate. The president had stated in his inaugural address that the condition of the country required the strictest governmental economy. And yet it was proposed to pass appropriation bills aggregating more than $73,000,000 without the consideration of a duly organized committee of the senate.

The committee amendment opening the Uncompahgre Indian reservation to public entry led a long contest. A point of order was made against it by Mr. Jones of Arkansas, and pending the decision the senate went into executive session and soon afterward adjourned.

ANGELL GOES TO TURKEY.

President Appoints the Michigan Man as Minister.

WASHINGTON, April 15.—The president yesterday sent the following nominations to the senate:

JAMES B. ANGELL of Michigan, to be envoy extraordinary and minister plenipotentiary of the United States to Turkey.

GEORGE N. WEST of the District of Columbia, consul of the United States at Pictou, N. S.

GEORGE D. MEIKLEJOHN of Nebraska, to be assistant secretary of war.

Mr. Angell is a native of Rhode Island, where he was born in 1829, but has resided in Michigan for the past 20 years as president of the Michigan State university. He is a graduate of Brown university. He was president of the State University of Vermont for five years before being called to Michigan. He was engaged in journalistic work in Providence from 1860 to 1866. In 1880 Mr. Angell was appointed minister to China, serving until 1881. He represented the United States in preparing some of the treaties with China for the exclusion of Chinese laborers. Mr. Angell is a congressionalist. His appointment was sought especially by the members of this church, which has greater number of missionaries in the Turkish field than any other denomination.

Postmaster General Gary has issued lottery orders against the Inland Investment and Loan company of Chicago and the One Hundred Dollar Investment company of Bradford, Pa.

Cadets Threaten to Resign.

WASHINGTON, April 15. — Congressman Shattuc of Ohio has nominated D. J. Bundy, a colored lad of Cincinnati, to a cadetship at Annapolis. He has been urged to withdraw the name but says he will stand by the appointment. There has been some murmurs of disapproval from the naval academy and threats of the students to resign.

United States Consul Wysor Dead.

NEW YORK, April 15.—William W. Wysor, United States consul at Cadiz, who took passage on board the Werra at Gibraltar died on board yesterday. He was a native of Lynchburg. Va., and had been suffering from consumption for several months.

SEIZED A SAEPORT.

Cubans Fortify Banes--Important Battle Imminent.

HAVANA, April 15.—Banes, an important port on the north coast, near Gibara, from which go heavy annual exportations of bananas and cocoanuts to the United States and which is the site of the estate of H. Dumois & Co, American citizens, narrowly escaped complete destruction yesterday.

The expedition under General Roloff, by the steamer Laurada, carrying 2,400 rifles, 500,000 cartridges and several pieces of rapid firing artillery, landed alongside the Quay at Banes. General Calixto Garcia, with 5,000 men came to protect the convoy of arms and ammunition, but as Roloff had no men to arm, Garcia was compelled to carry the arms into the interior.

It is reported that the insurgents, hearing that a Spanish gunboat might arrive at any moment, closed the entrance of the port with torpedoes. General Roloff, assisted by local bands and finally by the soldiers under General Garcia, commenced to fortify the hights around the port, hastily casting up trenches to make the port temporarily impregnable to any Spanish forces in the neighborhood of Gibara.

The gunboats Neuva Espanas and Mealicia had arrived at Nipe from Havana. The cruiser Reina Mercedes had left Havana on the 12th with four companies of marines and infantry under the command of Rear Admiral Marencoa, to unite with all the forces which had left Nipe and Gibara, with a view to a combined land and sea attack upon the insurgent's position for the recovery of the port of Banes. Nipe is separated from Banes by the San Ramon canal. Three columns marched on Banes where they are in full view of the formidable and nearly impregnable insurgent positions.

Evidently an important battle is in sight if the insurgents try to defend their advantageous stronghold and their claim of being able to hold a seaport. Great anxiety exists with reference to the garrison of 100 men in the fort defending the quay at Banes. It is believed they will be compelled to surrender for lack of water and supplies. The cruiser Pingon has twice been compelled to break chains in order to enter the Banes port.

KANSAS CITY FIRE.

Times and World Newspapers Have a Narrow Escape From Destruction.

KANSAS CITY, April 15.—The Scarritt block, a substantial 5-story brick building directly across the street from the central station of the Kansas City fire department, was destroyed by fire last night. The big 6-story Hall building, in which are the Times and World newspapers, also caught fire.

The fire burned fiercely for an hour and a half and nothing but the walls remained of the Scarritt block. The loss on this building is $60,000; insurance $30,000. The building was unoccupied. The damage in the Hall building is not great. The mechanical department of the Times was shut down for nearly two hours, but the paper suffered no material damage. The office of the World was flooded. Both are machine offices.

ILLINOIS WHEAT CROP.

Little More Than Enough For Seed Will Be Harvested.

SPRINGFIELD, Ills., April 15.—Special reports received at the office of the Illinois department of agriculture under date of April 10, in regard to winter wheat, are even more discouraging than on March 10. Reports from nearly half of the counties in the state, including almost all of the winter wheat growing counties, are to the effect that two-thirds of the wheat seeded last fall, 1,749,000 acres, was winterkilled or destroyed by floods, and the condition of the remaining third is so poor that under the most favorable conditions from now until harvest, only about one-third of an average crop may be expected. The outlook is that but little more than enough wheat for seed will be harvested in Illinois this season.

SITUATION IS ACUTE

River Slowly Rising at Vicksburg and Points South.

EFFORTS TO HOLD THE LEEVE.

Reports From the Mississippi Delta Not Encouraging as the Expected Fall In the Water Has Not Taken Place—Much Suffering In Sunflower District—Less Danger at Omaha.

MEMPHIS, April 15.—The river continues to slowly rise at Vicksburg and all points south and the situation along the Louisiana system of levees is acute. The waters are being hurled gulfward with tremendous force and several thousand men are working and watching night and day in one grand effort to hold the embankments intact.

Reports from the overflowed Mississippi delta last night were not encouraging. The expected fall in the waters that extend for miles and miles over the fertile valley has not occurred. Many well known planters express the fear that the yellow stream will not recede until June—too late to plant this year's crop.

Much suffering still exists in the Sunflower and Bogue Phalia country where hundreds of negroes have deserted their cabins and are huddled on high ground and the railroad tracks. Many cabins are submerged to their very roofs while several have been swept from their foundations and carried away by the swift current.

On a plantation 10 miles west of Helena, Sylvester Sanders, a colored tenant, his wife and five children were overwhelmed by the current and all perished.

Near Greenville two negroes were drowned in an attempt to reach dry land.

Word has reached Vicksburg during the day that many negroes were in imminent peril at Davis Island where the break in a private levee occurred, and assistance was asked for. A relief steamer was immediately dispatched to the island. At Rossville the work of relief continues. Rations are being sent to the Sunflower district today. Throughout the overflowed area, rain fell in torrents yesterday. At Helena the downpour was of such violence that great pumps were put to work in the lower part of the city. The water gained so rapidly that the pumps had to be discontinued on account of the driving belts becoming soaked and unmanageable. The whole of the southern part of Helena is under water from one to four feet deep and those who had provided themselves with boats were fortunate. The pumps were started up again last night and it is expected the water will be thrown out of the streets in a few days. Owing to the great rainstorm the river did not fall at Helena but stands stationary.

At Memphis the river is stationary. As the river is falling at Cairo and as the rainfall throughout the territory draining into the Mississippi at Memphis and above has been heavy, the local observer predicts that during the ensuing 24 hours there will probably be a slight rise at this point.

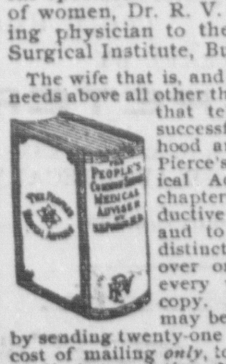
Condition at Omaha.

OMAHA, Neb., April 15.—There is less danger of the threatened cut off by the Missouri river and unless there is an unlooked for rise or a high wind from the north it is not probable that much more damage will be done. The hastily built dyke that stemmed the torrent from Florence lake on Tuesday has been greatly strengthened, and has almost stopped the flow at the most threatened point. The water has spread out over a wider stretch of territory and surrounds a few more houses, but the change in the channel of the Missouri has been averted for the time at least.

The workmen employed along the levee struck for double pay. They were given 15 cents an hour and demanded 30. Their demands were refused and 20 quit work. Other men were easily secured. On the Iowa side of the river south of Council Bluffs, the water has inundated farms for a distance of three or four miles back from the stream. The water came up in the night and the farmers report many hogs, cattle and horses drowned. These reports are coming in from every point along the river as far south as St. Joseph. The flood is the worst since the inundation of 1881 and is doing immense damage to property along the river's edge. The flood seems to have reached its height, and will probably fall from now on.

A rosy, happy, laughing baby brings the greatest happiness in all this wide, wide world to the wife and mother,—a baby that does not know illness, a veritable romping, rollicking cherub. It rests with woman herself to enjoy this great happiness. If she is afflicted with the weaknesses and diseases peculiar to her sex and does not properly prepare herself for that greatest event in woman's life, motherhood, she may be sure that baby will suffer for her neglect and be puny and peevish. By taking the proper care of herself during the period preceding motherhood she can insure the health of her baby.

For weakness and disease of the organs distinctly feminine, Dr. Pierce's Favorite Prescription is the greatest of all known remedies. It stops all weakening drains upon the system. It renders the coming of baby safe and easy. It is prepared by a regularly graduated, experienced and skillful specialist in the treatment of diseases of women, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.



PEOPLE'S COMMON SENSE MEDICAL ADVISER

The wife that is, and the mother that is to be, needs above all other things a good medical book that tells her how to perform successfully the duties of wifehood and motherhood. Doctor Pierce's Common Sense Medical Adviser contains several chapters devoted to the reproductive physiology of women and to diseases of the organs distinctly feminine. It contains over one thousand pages and every woman should have a copy. Altgeld's Alleged Letter.

CHICAGO, April 15.—The Tribune today prints a copy of a letter purporting to be written by ex-Governor Altgeld in 1893 in which he informs the trustees of the Illinois State University that President Spalding of the Globe Savings bank was a good man for the treasurership of the university. Governor Altgeld has always insisted that he never indorsed Mr. Spalding.

False Report.

NASHVILLE, Tenn., April 15.—A report sent out under a Louisville date stated that the Cumberland Coal company of Nashville had assigned to Clarence Wilson. Isaac Reese, secretary and treasurer of the Cumberland Coal company, yesterday declared that the reported assignment was erroneous and that the company had not assigned and was still operating its mines.

To Take the Pasteur Treatment.

NEW YORK, April 15.—Miss Rachael Kanney of Wheeling, W. Va., was received at the Pasteur institute yesterday and will take the treatment. With six others, Miss Kanney was bitten by a dog in Wheeling on Jan. 28. Three of the sufferers were treated by a local practitioner and one has since died.

Louisville Wants Corcoran.

NEW YORK, April 15. — President Pullium of the Louisville baseball club offered $5,000 cash to President Brush of the Cincinnati club last night for the release of Shortstop Tommy Corcoran.

CHARGED WITH SMUGGLING.

Louis J. Fulmer, a Detroit Druggist, In the Toils.

DETROIT, April 13.—Louis J. Fulmer, a Detroit druggist; George L. Schumacher and Herbert T. Jenkins were arrested yesterday charged with smuggling sulfonal, trional, phenacetine and antipyrine from Canada. It is alleged that several men and women assisted in the carrying of these articles across the Detroit river from Windsor, Ont. It is estimated that three or four tons of these drugs have been brought over thus within four years. These articles are made from coaltar by a process patented by a firm in Germany. The exclusive right to handle them in the United States was bought by a New York firm, which made the purchase of them from outside parties a violation of both the revenue and patent laws.

TO SAVE A WOMAN'S LIFE.

Attorneys For Mrs. Nobles Making Every Effort to Prevent Her Execution.

ATLANTA, April 15.—A motion to set aside the judgment which fixes April 23 as the date for the execution of Mrs. Elizabeth Nobles, for the murder of her husband, was made before Judge Smith at Jeffersonville yesterday, and promptly overruled. Today the attorneys for Mrs. Nobles will tender a bill of exceptions to Judge Smith's decision, which will probably be refused. They will then file a petition to the state supreme court for a mandamus to direct Judge Smith to sign the bill of exceptions and to force him to produce the records of the case.

INDIAN FAMINE.

Situation Is Improving and the Price of Grain Is Declining.

BOMBAY, April 15.—The report of the viceroy, the Earl of Elgin, on the famine situation just issued, shows that, including the native states, 2,853,000 persons are employed on the relief works, against 3,141,323 persons so employed a month ago. The report adds that the prices of grain are tending to decline, owing to the rains and improved harvest prospects. The food stuffs are generally sufficient, and the condition of the people in the affected districts is pronounced to be from fair to good.

Reports Were Magnified.

SEATTLE, Wash., April 15.—According to statements of naval officers here the accident, which happened to the battleship Oregon as she lay in the dredged channel at the mouth of the dry dock at Puget Sound naval station, was magnified beyond its actual importance. The Oregon is damaged so that repairs will be necessary, but the officers in charge say she could go to sea today in perfect safety if called upon to do so.

Will Establish Themselves In Canada.

TORONTO, April 15.—The threatened Canadian export duty on sawlogs is driving American lumbermen to establish plants in Canada. The Holland-Emery company of Tawas, Mich., have purchased the old site of the Georgian Bay Lumber company at Byng Inlet and will establish themselves there. The machinery will be brought from Tawas. Three hundred men will be employed, all Canadians.

Long Ride on a Bike.

POUGHKEEPSIE, N. Y., April 15.—John W. Jones who left New York on Jan. 15 to ride to San Francisco and return on a bike, reached Poughkeepsie yesterday. He says he reached San Francisco on Feb. 27 and started on the return journey the same day. He says he is to receive $700 for performing the feat within four months.

Russia Asks Bids on Armorplate.

PITTSBURG, April 15. — A dispatch from Washington announces that the Carnegie company of this city had been invited by the Russian government to bid on armorplate for two firstclass battleships. The contract will be for between $2,000,000 and $3,000,000.

Bound, Gagged and Robbed.

WALTHAM, Mass., April 15.—Charles Henry Teele, a farmer who lives alone near Waltham, was robbed of $200 early last night by two masked men who left him bound and gagged.

MOTHER! The sweetest and the most expressive word in the English language and the one about which the most tender and holy recollections cluster is that of Mother—she who watched our tender years; yet the life of every Expectant Mother is beset with great danger **Mother's Friend** so assists Nature in the change taking place that the Mother is enabled to look forward without dread or gloomy forebodings to the hour when she experiences the the joy of **Motherhood.** Its use insures safety to the lives of both Mother and Child, and she is left stronger after than before confinement.

Dr. Miles' Nervine Victorious.

Physical and Mental Exhaustion Gives Way to Vigorous Activity.

REV. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so wearied me that it would require a day or more for me to recover from the exhaustion. It affords me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous this Monday morning as I ever felt in my life, thanks to your remedies.

LABOR OF WOMEN AND CHILDREN.

One of the new laws that is attracting considerable attention is that which regulates the employment of women and children in manufacturing establishments. By this act the employment of the children under fourteen years of age in factories in the state is prohibited. No child under the age of sixteen years may be so employed until after an affidavit has been made by his parent or guardian, giving his age and place of birth. In every room where children under sixteen are employed, a list of their names and ages shall be posted in a conspicuous place. No child under sixteen shall be so employed, except during school vacation, who can not read and write simple sentences in the English language. No person under sixteen years of age and no girl under eighteen employed in a manufacturing establishment shall be required or permitted to work therein more than sixty hours in any one week or more than ten hours in any one day, and in no case shall any person under sixteen or any girl under eighteen work in any manufacturing establishment after 9 o'clock in the evening, or before 6 o'clock in the morning of any day.

Safety appliances for elevators, stairways, doorways, fire escapes and certain kinds of machinery. Not less than one hour shall be allowed for the noonday meal, except upon written permission from the factory inspector. The law makes restrictions as to the number of cubic feet of air space which shall be allowed for each person in any work room.

Any person who violates the law may be fined not less than $20 nor more than $50 for the first offense, not more than $100 for the second offense or imprisonment for more than ten days, and for the third offense a fine of not less than $250 and not more than thirty days imprisonment.

MUCH inquiry is being made about the provisions of the new laws now in force. From the newspapers they have already gained a general knowledge of many of the laws.

IT is said that the Indianapolis street railroad company does not mean to abide by the law which is in force today. To be sure they will not unless they are compelled to do so.

PROF. WILSON, the author of the deficit creating revenue bill, continues to grumble about the probability of the repeal of the measure which has brought disaster to industries throughout the country.

STILL the senatorial contest in Kentucky hangs fire. Hunter still lacks the two votes necessary for a choice Kentucky republicans ought to agree very soon upon some line of action that will give a republican senator to our southern neighbor.

THE average American is far from being a pessimist. He cannot but believe that the drift of things is in the right direction and that intelligent public opinion will work out eventually foundations for solid, enduring structures of general policy.

THE populist governor of Kansas dismissed fourteen members of the faculty and several employes of the state agricultural college for political reasons. The dismissed educators were "not in harmony with the fuudamental principles of the administration" is the reason assigned for hustling them out. So the colleges of the populist-ridden state are to be used as political machines.

Sparagus Kidney Pills are on the Tidal Wave of Popularity in Seymour.

The Sale of Them Continues Enormous and Unprecedented.

Sales Increasing Daily.

Retail Druggists Scarcely Able to Keep Enough in Stock.

The retail drug trade of this city report the demand for Dr. Hobbs Sparagus Kidney Pills as being simply enormous. Not only is this demand large in Seymour, but it applies as well to all towns surrounding us. Everywhere Dr. Hobbs Sparagus Kidney Pills seem to be in general demand.

The medical fraternity look on with wonder at the cures daily made by this remedy. A physician was recently overheard to say: "I have never in my life had faith in anything advertised as a medicine until recently, but I must confess that I really do believe that Dr. Hobbs Sparagus Kidney Pills are a remedy of great worth: I got a sample box of these pills and used them in my practice. Several of my patients have been taking them, and have experienced a great change for the better."

The physician who made this remark has little idea that it would ever appear in print. At all events, he deserves great credit for his frank and honest confession.

Any physician who is honest should prescribe for his patients that which will do the most good.

A Miracle. A Remarkable Cure of Dropsy After Five Years of Agony.

29 Fonda St., Williamsport. Pa ,
March 7, 1896.

Hobbs Remedy Co., Chicago;

Gentlemen—Some five years ago my wife, Mrs. Chas. H. Hall, now 55 years of age, was taken with dropsy and heart trouble, growing worse from month to month. Two years ago she was so sick that she was compelled to stop work of every kind. The best physician in this city were secured, but she grew worse so rapidly and her heart so bad, that a year ago they said nothing more could be done for her, as death was liable to come at any time.

At this time she measured ten feet around the waist, and weighed over 300 pounds. Owing to her heart trouble, the doctors would not tap her, only to keep her from bursting. These operations did no good as they failed to get a drop of water from her, claiming that it was in sacks all over her body, and they couldn't reach it. For four months she could neither lie down or walk. The longest sleep she had at one time was 25 minutes. The smallest cracker would distress her so that she could hardly breathe, yet she dare not take stimulants. Her suffering was so terrible that she prayed day and night for death to relieve her from her miseries.

Her kidneys did not act more than one gill in 48 hours, and then thick with brick dust. Her bowels could only be moved under the most wretched powerful cathartics prescribed by the physician. About this time I saw an advertisement of Dr. Hobbs Sparagus Kidney Pills in the Williamsport Sun. I determined to try a box. My wife objected to my spending any more money on her, as she felt that she was past all help. However, she began taking them at once. The fourth day they began to do their work, when *she passed two gallons of water in 24 hours.* I then got some of Dr. Hobbs Little Liver Pills, and they did their work equally as well. After using eight boxes Dr. Hobbs Sparagus Kidney Pills she is reduced to her normal weight of about 135 pounds She has a good appetite and is doing her own work. People who knew how near she was to death's door pronounced her case nothing less than a miracle.

She is certainly a living monument to the inestimable worth of Dr Hobbs Sparagus Kidney Pills and Little Liver Pills. I am thankful to God and your valuable medicines that my poor suffering wife can live and be comfortable after the terrible ordeal she has passed through during the past five years. If you wish an affidavit of these facts I am willing to give it.

Yours gratefully,
CHAS. H. HALL,

NEW LAWS IN FORCE

Governor Mount Last Night Issued His Proclamation to That Effect.

MORRIS DIES OF HIS INJURIES.

Deathwatch Soon to Be Placed Over Henry Jones at Michigan City—Defunct Citizens' Bank at Union City—John Byrne Terribly Injured by Being Whirled Around a Shafting.

INDIANAPOLIS, April 15.—The laws passed by the last general assembly are now in force, Governor Mount last night issuing his proclamation to that effect. Late in the afternoon the receipts of delivery were received from Cass and Brown counties by the secretary of state and the governor acted immediately. As all the laws are now in force the governor will appoint a factory inspector in a few days.

DEATHWATCH.

Warden Harley Will Soon Place One Over Murderer Jones.

MICHIGAN CITY, Ind., April 15.—In a few days the warden of the Michigan City prison will place a deathwatch over Henry Jones of Indianapolis, who is to be hanged May 7. Jones was sentenced for life from Indianapolis for shooting a colored man in a quarrel over a "crap" game. The principal witness against him, Edward Jones, was afterward also sentenced to prison. Henry secured a caseknife at the prison and stabbed Edward to death during religious services. He was convicted of murder in the first degree and sentenced to hang.

ONE DEAD.

Cooper Morris as He Dies Names a Trainman as His Assailant.

BOWLING GREEN, Ky., April 15.—Cooper Morris, one of the young men thrown from the train near Rockville, and their heads crushed, is dead. Just before expiring he became conscious and named one of the trainmen three times. It is thought if Thomas, the other boy, lives he will be able to give an account of the affair. The train crew has been before the coroner, but failed to throw any light on the matter. The police refuse to say who the man is named by Morris.

TREASURER'S OFFICE ROBBED.

Thief Pries the Door Open and Secures the Cash.

DECATUR, Ind., April 15.—While the treasurer was gone to dinner, with the courthouse open and people passing in and out, some one pried open the door to a side room in the treasurer's office and stole what money he could get his hands on. The safe, being locked, only about $75 was secured. The thief evidently was fearful of detection, as several dollars in small change was left scattered on the desk and floor.

BOA CONSTRICTOR.

Showman's Snake Crawling Through the Corridor of a Hotel.

PERU, Ind., April 15.—Considerable excitement was created at the Wayne hotel in this city by a boa constrictor 12 feet long escaping from a boxful of reptiles belonging to George Nichols, connected with a show here. The snake was discovered by the chambermaid crawling in the corridor of the third floor. Nichols was notified and he hastened to return his snakeship to his box.

Foust Murder Case May Be Reopened.

ELWOOD, Ind., April 15.—The Foust murder case, which cost the county thousands of dollars and resulted in the conviction of George Hires and Will Cox, is about to be reopened. A strong petition for Hires' pardon will soon be presented, containing the names of hundreds of influential citizens who do not believe him guilty. The grand jury will be called upon to make another investigation on altogether different lines.

Tramp Wants Damages.

MARTINSVILLE, Ind., April 15.—William Baker, a tramp, has sued the Indianapolis and Vincennes railroad for $7,000 damages. He was put off a train on which he was beating his way and injured so that he has since been confined in the infirmary.

Outrage on an Old Man.

COSHOCTON, O., April 15.—Three tramps attacked Rollin Deal, aged 60, and stripped him of his clothing on the outskirts of the town and then assaulted him. The trio were afterward captured and had the old man been seriously injured they would have been lynched.

Injured by Shafting.

NEW ALBANY, Ind., April 15.—A serious, if not fatal, accident occured at the Morris box factory here late yesterday. John Byrne was caught in the machinery and whirled around the shafting until his arm was broken, his scalp torn and he was injured internally.

Missing Man Sick In Chicago.

GAS CITY, Ind., April 15.—John H. Hadley, city attorney of this place, who has been mysteriously missing for several weeks, has been sick in a hotel at Chicago. He writes to J. O. Austin that he will be able to return home this week.

Competent Testimony.

ANDERSON, Ind., April 15.—During the trial of a will case here the presiding judge decided that testimony to the effect that one party recognized another's voice over a telephone was competent.

Defunct Bank at Union City.

UNION CITY, Ind., April 15.—From a careful estimate it is believed that the depositors of the defunct Citizens' bank here, which failed over a year ago, will receive about 50 cents on the dollar.

DOG TAX LAW.

Shelbyville Wants a Part of the Funds For City Schools.

SHELBYVILLE, Ind., April 15.—A friendly suit has been commenced between Shelbyville and the township trustee regarding the dog tax. The trustees applies all the money to schools outside the city and the latter claims that as it pays most of the tax and its schools are a part of the public school system, it should receive a pro rata share of the fund. It is the first suit of the kind ever brought and it is for the purpose of securing a construction of the law.

Raving Maniac.

DELPHOS, O., April 15.—Clemens Kohorst, the missing Putnam county farmer who disappeared on April 5, has been found in the woods east of here, a raving maniac. When he saw the searchers coming he ran like a deer, but soon gave up owing to his emanciated condition.

Killed the Curfew Ordinance.

SOUTH BEND, Ind., April 15.—The curfew ordinance which had been pending before the council for some time has been defeated. The ordinance was indorsed by the Humane society and other organizations.

Want a Curfew Law.

DAYTON, O., April 15.—A petition has been presented to the council asking them to pass a curfew ordinance. The solicitor was instructed to draw up the ordinance.

THE REVIEW OF REVIEWS Monthly Illustrated

Edited by ALBERT SHAW

"*If only one magazine can be taken, we would suggest the* REVIEW OF REVIEWS, *as covering more ground than any other magazine.*"—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed. Indexes, chronological records, and other departments complete the certainty that the reader of the REVIEW OF REVIEWS will miss nothing of great significance that is said or written or done throughout the world.

County Taxes.

According to the old law next Monday would be the last day for paying county taxes without the delinquent penalty being added. But by the provisions of the new law in effect today the time for paying taxes on the tax duplicate in the hands of the county treasurer has been extended to the first Monday in May.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear There is only one way to cure deafness and that is by constitutional remedies Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its norma condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Kindness, Gentleness and Love.

The above words are said to be the solution of Prof. Gentry's phenomenal success in the management of animals. In a recent interview he is quoted as having said: "Kindness is the method I pursue in training my animals for exhibitions." And he added: "The gentleness with which I handle them and the love of the work has, I think, allowed me to go farther in their education than any other gentleman in a similar line." The entire company of dogs and ponies, over one hundred in number, are to exhibit in this city under their tent on West Second St. Tuesday, April 20, afternoon at 3, night at 8.

The engagement of these talented animals can be looked forward to with great delight by the best class of people to whom Prof. Gentry's famous and interesting exhibition appeals. The prices of admission are, children, 15 cents; adults, 25 cents.

Ex-President Harrison's Success as an Author.

Ex-President Harrison will conclude his series of papers on life in the White House in the May Ladies' Home Journal, and takes a respite from his literary labors which have so profitably and congenially occupied him for more than a year. General Harrison is the first president to show the public through the White House, "upstairs, downstairs" etc, and to detail the president's daily routine, and the social and domestic phases of life in the executive mansion He is also the first Chief Magistrate to crystallize his knowledge and the experience gained as Chief Executive in a series of lucid, instructive and interesting magazine articles on the functions of our government, such as were "This Country of Ours" papers.

Registered Letters

Congress at its last session passed a law, which will go into effect July 1 granting idemnity, not to exceed $10 in any one case, for registered letters or packages lost in the mail. CIGARETTE LAW.

Dealers can no Longer Sell Them to Boys in Short Pants.

The boys who have been in the habit of buying and smoking cigarettes will find some difficulty ahead if the dealers obey the law. It is now unlawful for any dealers to sell or to furnish directly or indirectly cigarettes or cigarette wrappers to any one under twenty-one years of age. If dealers are found guilty of violating the provisions of the law they are subject to a fine from $10 to $50 for the first offense and for a second offense they can be fined $500 to which may be added imprisonment in the county jail for any period not exceeding sixty days.

There is Nothing so Good.

There is nothing just as good as Dr. King's New Discovery for Consumption Coughs and Colds, so demand it and do not permit the dealer to sell you some substitute, He will not claim there is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For Coughs, Colds, Consumption and for all affections of Throat Chest and Lungs, there is nothing so good as is Dr. King's New Discovery. Trial bottle free at Wm. F Peter's, successor to J. H. Here is a diamond, here a piece of charcoal. Both Carbon; yet between them stands the mightiest of magicians —Nature. The food on your table, and your own body; elemently the same; yet between the two stands digestion, the arbiter of growth or decline, life or death.

We cannot make a diamond; we cannot make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merits—10 cents.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

A HEROIC HISTORY.

The Stormy Career of the Little Island of Crete.

There are not many islands with a more stormy or more heroic history than that of Crete. In remote antiquity it was the redoubtable "isle of one hundred cities" and had an illustrious line of kings, among who were Rhadamanthus, Minos and Idomeneus. The last named led a fleet of 80 ships to assist in the conquest of Troy and was the last of what we may call the legendary kings. After him a gap of several centuries occurs, and when the record is resumed it is no longer fable, but authentic history.

At the time of the Persian invasion of Greece the island was populous and prosperous. It was divided into several independent republics, which, like those of peninsular Hellas, were not always in peace and friendship with each other. They kept free from foreign wars, however, except as they voluntarily furnished mercenary troops to whichever side would pay the best for them. This was done in both the Persian and Pelloponnesian wars, when the Cretan archers were as noted and as dreaded as those of merry England in later days.

The prowess of the ancient Cretans and their insular position kept them free from invasion down almost to the Christian era. While the eagles of Rome "flapped wide wings in fiery flight" over nearly all else of the known world that island retained its independence. Indeed it was only through intestine quarrels that it was at last subdued. Some 70 years before the Christian era Rome took advantage of the prevailing discord in Crete to invade the island, on the pretext that the Cretans had given aid and comfort to Mithridates and had ill treated some Roman soldiers. The first army was repulsed and almost annihilated by the Cretans.

But Rome was determined to achieve the conquest if it took the whole power of her empire. Army after army was sent, and after three years of desperate fighting Rome prevailed. For the first time in her history Crete became, in 68 B. C., subject to an alien master. From that day to the present, for more than 1900 years, she has been a conquered province, never once regaining the independence so long maintained and so reluctantly relinquished.—New York Tribune.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

AFFLICTED.

Mrs. Hercules, of Reddington, who has been seriously ill with cancer, is growing worse.

CHURCH NOTES.

Tomorrow, Good Friday, service at St. Paul's church at 10 a. m.

Rev. F. W. Frazer, of Columbus, will occupy the pulpit at the Presbyterian church next Sunday at the regular hours for preaching services.

Two years ago R. S. Warren, a druggist at Pleasant Brook, N. Y, bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; today Chamberlain's Cough Remedy is a household world." It is the same in hundreds of communities. Wherever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by C. W. Milhous.

LOVE IN MASQUERADE.

I dreamed that Love came knocking
At your door one winter night
While the specter trees were rocking
In a blast of savage blight.
"Oh, I perish!" poor Love pleaded.
"Ope the door, for Love's dear sake."
But although you heard and heeded
Still no answer would you make;
Not one word of sweet replying
Would your haughty lips have said
Even if Love had lain there dying,
Even if Love had lain there dead!

Then I dreamed that Love o'erruled you,
For in tenderest voice he cried,
"Nay, dear lady, I sadly fooled you,
Since I am not Love, but Pride."
And you straightway oped your portals,
With a merry and welcome nod,
To that willest of immortals,
To that masquerading god.
Ah, you oped your portals lightly,
Not for Love's but Pride's dear sake,
Yet, O lady, if I dreamed rightly,
Love soon taught you your mistake!

DROPPED FROM THE CLOUDS.

How the Race Horse Peytonia Won $800 For Little Miss Lowrey.

The caprices of fortune ever constitute a subject for special wonder, but the glorious uncertainties of the turf afford perhaps a wider scope for reflections on the ups and downs of life than almost any other sphere of action. Earl Lowrey, formerly of Pittsburg, but now of Chicago, tells a story that illustrates this conclusion very well.

On the morning of the day that Rey El Santa Anita won the American Derby at Washington park Lowrey's little girl, while looking over a programme of the events which he had carelessly left about the house, was struck with the name "Peytonia," the name of an entry in the first race of the day. So deeply was she impressed with it that she asked her father to place her savings of small change on Peytonia, the total amount being $2, which he agreed to do. On arrival at the park he at once discovered that Peytonia's chances for victory appeared to be very slim, one bookmaker offering 400 to 1 against her. Lowrey, nothing daunted, placed the $2 per order, and in doing so provoked a smile from the man on the block, which so nettled him that he promptly placed $5 more at 40 to 1 for the place. As has so often happened before, Peytonia fairly "dropped from the clouds" when the horses were fairly straightened out in the stretch, and to the amazement of every one won the race with comparative ease. Miss Lowrey's fondness for the name Peytonia therefore netted her $800 in cash, while the head of the family was $200 better off for acting as her commissioner.—Pittsburg Dispatch.

CAPTURING RODENTS.

RAT CATCHING AS A CRAFT HAS UNDERGONE CHANGES.

How a St. Louisan Captures the Domestic Pests at Five Cents a Head—His Trade a Profitable One—Some of the Old Methods of Getting Rid of the Pesky Varmints.

There are few St. Louisans who know that rat catching is an established business in this city. And fewer know that considerable ingenuity enters into an adept practice of the craft. Venerable housewives recall how, a generation ago, there were some queer characters who contracted to rid places of the rodent pests by all manner of means, from ordinary legerdemain to the extraordinary method of the Pied Piper of Hamelin. There were others, too, who hired out intelligent ferrets to exterminate rats. But the advance of civilization has had its effect on the science of rat catching, and even in that branch of industry mechanical contrivances have supplanted manual work.

C. P. Johnson is probably the leading rat catcher of St. Louis. His traps are not cheap trifles, and there are many persons who hire him to set the contrivances in their places, paying 5 cents for each of the little pests that is captured. The largest restaurants afford Johnson considerable work. But the hotels, which would naturally be expected to offer a favorable field for Johnson's work, do not figure as among his good patrons. He says that the rat is one of the most cautious of animals, and that the meddlesomeness of hostelry attaches prevents successful trap setting in hotels. One big down town establishment was rid of 53 rats in one night.

Both Johnson and Henry Hein attend to the former's traps. They make daily rounds, setting the contrivances or disposing of the captives. When a landlord wishes his place rid of rats, he informs Johnson of that portion of the house where the little animals do most of their foraging.

For the first night or two the trap is set there in such a manner that the rats can nibble the bait and afterward escape. On the day that Johnson finds all the cheese and crackers in the boxlike contrivance have been devoured during the night he attaches an auxiliary trap, into which the captive rats are to be forced out of the view of prospective prisoners. Thus fully 100 rats can be caught in one trap in one night.

Johnson says that he doesn't contract to entirely rid a place of rats. He thinks he "knows as much about the business as any one else" and says that when the rodents have firmly established themselves in a house it is almost impossible to drive them out. A ferret, he says, might destroy the nest and the trap catch all the rats in the house, but if the locality is particularly favorable for rodent light neighboring pests are most likely to move into the place.

"Times are changed," said an old timer. "I remember when a man had to work a sight harder than he does now before he'd get several pieces of silver for 24 hours' rat catching. In those days these newfangled traps weren't known.

"There used to be a fellow living down on the levee that knew more about rats than a jockey knows about race horses. He had a partner, and both of them worked all kinds of schemes on the little creatures. These two men had a way of spreading bait on a cellar floor and then sneaking in on rubber boots. One of them carried a sack and a queer pair of tongs. The other had a bullseye lantern with a sliding panel.

"They'd sit in the dark as quiet as a graveyard until the rats commenced fighting and quarreling or until they knew the place was full of the varmints.

"Then the lantern would be turned on suddenly, and the rats, who are as afraid of light as I am of ghosts, would stand stock still. The man with the tongs—and he was quicker than greased lightning—would pick up the pests and fire them into the sack before the little things knew what was up. Sometimes they'd bag as many as 40 at a crack, but at other times the rats would become accustomed to the light and scamper away before 20 of their comrades had been nabbed."

But the science of rat catching has fewer exponents than has the art of rat killing. Housekeepers are not generally anxious to have the little animals about them, and hence they pay more attention to the ways of exorcising the pests than they do to means of capturing them.

In addition to the time worn scheme of poisoned bait, there are a number of unique plans that are operated from time to time by landlords who have lost patience with the domestic marauders. An ingenious individual some time ago devised a plan of painting a captive rat with a phosphorescent preparation and then turning it loose. The released rat would return to its nest, and there its effulgent coat would frighten the other rats out of all their instincts save that of fear.

There would be a pellmell fight, and as rats go in droves the painted rodent would run in their midst, increasing their fright and hastening their flight. Some one suggested that the little animals would either run themselves to death or continue their chase until dawn, when, in the sunlight, the phosphorus would lose its brilliance. Even in the latter event the little animals would have left their previous haunts.

It is known that rats despise the odor of turpentine. Some housewives, when bothered by the domestic pests, catch one in a trap, and, after bathing it in turpentine, release it. This plan is said to have almost as efficacious an effect as the phosphorescent paint.

There are some persons who claim that belling a rat will drive its comrades from their nest. As a usual thing, however, the bell becomes detached from the pest to which it was tied before the desired end is attained. But a strong wire is expected to circumvent such a contingency.—St. Louis Globe-Democrat.
